

CITY OF LODI

PUBLIC WORKS DEPARTMENT

COUNCIL COMMUNICATION

TO: City Council
FROM: City Manager
MEETING DATE: June 1, 1988
AGENDA TITLE: Establish Woodhaven Lane as a Through Street and "No Parking" Zones on Woodhaven Lane North of Eilers Lane

RECOMMENDED ACTION:

- ° Establish "no parking" zones on Woodhaven Lane north of Eilers Lane.
- ° Amend the Traffic Resolution to add Woodhaven Lane to Section 2B "Through Streets" and delete Woodhaven Lane (southbound at Eilers Lane) from Section 2C.2 "Two-Way and One-Way Stop Intersection".

BACKGROUND INFORMATION: San Joaquin County is proceeding with the construction of the extension of Chestnut Street in Woodbridge south to connect with Woodhaven Lane in Lodi. This project includes the construction of a bridge over the Woodbridge Irrigation District canal. In conjunction with this project, the City will need to make some changes on Woodhaven Lane north of Eilers Lane. We are recommending that the following changes be approved at this time so San Joaquin County can complete their design and they can be installed upon completion of the roadway and bridge in early 1989. These changes are shown in Exhibit A.

- ° No Parking on Woodhaven Lane North of Eilers Lane - Due to the narrow width and moderately high traffic volumes, no parking has been previously established on Woodhaven Lane for 150 feet south of Eilers Lane. The portion north of Eilers is the same width but was not included earlier since it is a dead-end street. With the street extension, the parking will need to be removed. Upon future development on the west side, the roadway will be widened. If no turn lanes are needed, there will be sufficient width to allow parking.
- ° Establish Woodhaven Lane as a Through Street - The Woodbridge circulation plan calls for Woodhaven Lane to be an arterial street thus it is appropriate to make it a "through" street as well. Any future side streets would then automatically be controlled with a stop sign.

After the roadway is completed and traffic patterns have been established, staff will perform a new speed survey on Woodhaven Lane in conjunction with the County and review the no-left turn controls at the Eilers/Lilac intersection.
